D) No person in Telecable's service area shall be arbitrarily refused service; but in recognition of the

capital costs involved in unusual circumstances, including, without limitation, instances when the distance from distribution cable to connection of service to subscribers is more than 500 cable feet or when a subscriber density exists less than the density specified hereinabove, service may be made available on the basis of costs of materials, labor and easements, in order to prevent inequitable burdens on cable subscribers in more densely populated areas. In any event cable TV will be provided to subscribers desiring to pay the additional expense of installation or greater distances than herein provided for.

E) For all residential structures hereinafter erected which are to be served by underground utilities, the developer of the subdivision or development may acquire cable tv service for the development under the following conditions, but otherwise Telecable shall not be obligated to construct TV system in such new development; 1). Developer may enter into a written agreement with Telecable whereby such costs may be reimbursed to the developer by Telecable at the rate of fifty percent (50%) of basic subscriber revenues generated from cable tv service supplied within the development over a period not to exceed three (3) years.

In addition to providing plans and specifications to the developer, Telecable shall inspect the facilities required hereunder, and certify to the Town prior to final approval of the subdivision or development that the facilities required herein are properly installed. The Town shall have the right to review and require its approval of the maps and specifications provided by Telecable. The cost of that

portion of an extension to a subdivision or development from Telecable's existing facilities in excess of 200 feet outside the boundaries of the subdivision or development shall be borne by the developer. Facilities installed hereunder shall be owned, operated, and maintained by Telecable.

SECTION XXIV. The Town Council may by resolution establish a reasonable procedure for hearing and determining complaints under this franchise Ordinance by providing for a notice and hearing thereon for the purpose of enforcement of the terms of this Ordinance and may issue reasonable orders for compliance therewith or dismiss such complaints when the same appear to be beyond the scope of the Ordinance, of the powers of the Town or without foundation.

SECTION XXV. Upon approval of this Ordinance by the Town Council the same shall be submitted to Telecable for ~~written acceptance or rejection~~. In the event no reply is received from Telecable within thirty (30) days of submission, or upon rejection, the Ordinance shall be of no further force and effect.

SECTION XXVI. This Ordinance shall be in full force and effect and shall constitute a binding contract between the Town of Riverside and Telecable when the provisions hereof shall have been accepted in writing by Telecable and such acceptance filed with the Town Clerk.

SECTION XXVII. Telecable shall, within thirty (30) days after demand, pay to the Town of Riverside, Wyoming, the costs of publishing this Ordinance.
